LIA Claims Interest Rate Q3/24  
27 June 2024

To: All ordinary members

**STATEMENT OF LIFE INSURANCE PRACTICE: LIA-CLAIMS INTEREST RATE - UP TO Q3 2024**

**ACTION: FOR ORDINARY MEMBERS' REFERENCE AND USE**

Under the LIA statement of life insurance practice, interest is payable when the payment of a claim is made more than two months from the date of receipt of written notification of the death; in respect of endowment policy, interest is also payable if payment is made more than two months from date of maturity.

Such interest will be calculated using the **LIA-claims interest rate** from the said date of notification until the actual date of payment. The interest rate will be updated on a three-month cycle.

Enclosed is an updated listing of LIA-claims interest rates for the purpose of calculating interest payable for delayed death/matured claims.

**LIA-Claims Interest Rate**

The LIA rate is based on the **CPF computed (calculated) rate** that is derived by the CPF Board for its Ordinary Account.

Extracted from the CPF Board's website:

The formula to compute the calculated rate is 80% fixed deposit rate and 20% savings rate of the average of the major local banks over the preceding relevant 3 months.

For Q3 2024 CPF computed (calculated) rate, please click here:
